Delegation of Authority – Bonding Requirements for Construction Contracts

(a) UC DA 1040 (Bonding Requirements for Construction Contracts) to Chancellors, et al., dated November 19, 1990;

Supersedes: UCLA DA 822.01 (Bonding Requirements for Construction Contracts) to Vice Chancellors Blackman and Morabito, dated 11/2/2005.

I hereby redelegate to you, in your respective areas of responsibility, the authority to execute construction contracts valued at less than $25,000 without requiring bid bonds or other forms of bid security, performance bonds, or payment bonds, and to execute contracts valued between $25,000 and $50,000 with payment bond security alone.

Exercise of this authority is subject to the language of The Regents’ action noted below, to regulations and reporting requirements in the UC Facilities Manual, and to other requirements which may be established by the Office of the President from time to time. The Regents’ policy on bonding requirements for construction contracts states:

That the President be authorized to set requirements for bid bonds or other forms of bid security, performance bonds, and payment bonds for construction contracts unless such requirements would be inconsistent with the requirements of a funding agency for a funded project or with mandatory requirements established by State law.

This delegation is being issued due to an organization change and there are no substantive changes to the delegation being superseded. Any redelegation of this authority shall be in writing with copies to me and those listed below.
