ASSOCIATE VICE CHANCELLOR PETER HENDRICKSON, DESIGN AND CONSTRUCTION

Delegation of Authority – Bonding Requirements for Construction Contracts

References:  
(a) UC DA 1040 (Bonding Requirements for Construction Contracts) to Chancellors, et al., dated November 19, 1990;  
(b) University of California Facilities Manual.

Supersedes:  New

I hereby redelegate to you, as Associate Vice Chancellor, Design and Construction, the authority to execute construction contracts valued at less than $25,000 without requiring bid bonds or other forms of bid security, performance bonds, or payment bonds, and to execute contracts valued between $25,000 and $50,000 with payment bond security alone.

Exercise of this authority is subject to the language of The Regents’ action noted below, to regulations and reporting requirements in the UC Facilities Manual, and to other requirements which may be established by the Office of the President from time to time. The Regents’ policy on bonding requirements for construction contracts states:

That the President be authorized to set requirements for bid bonds or other forms of bid security, performance bonds, and payment bonds for construction contracts unless such requirements would be inconsistent with the requirements of a funding agency for a funded project or with mandatory requirements established by State law.

This authority may not be further redelegated.

Steven A. Olsen  
Vice Chancellor, Finance, Budget and Capital Programs

cc:  Chancellor
