**Supersedes:** UCLA DA 251.07 (To Approve Applications for Certificates of Confidentiality and Privacy Certificates) to Directors Brookshire and Friend, Assistant Directors Fisher, Mah, Okeya and Orkin, dated 9/3/2008.

I hereby delegate to you in your respective capacities within the Office of the Human Research Protection Program (OHRPP), the authority to execute and approve applications for Certificates of Confidentiality and to sign National Institute of Justice (NIJ) Privacy Certificates, in accordance with University policy and as sanctioned by the UCLA Human Research Policy Board.

The authority delegated to the Chancellor to solicit and accept or execute certain extramural grants and contracts includes the signing of related documents as necessary, except those as stipulated in UC DA 2036. This same authority has been redelegated to the Executive Vice Chancellor, Vice Chancellor for Research, other selected campus officials and selected Office of Contract and Grant Administration staff.

In the area of human research, Principal Investigators are required to maintain and protect the privacy and confidentiality of all personally identifiable information of all humans participating in research, except as required by law or released with the written permission of the participant. The collection of highly sensitive data requires a higher level of protection of confidentiality and under federal law, investigators may obtain an advance grant of confidentiality, known as a Certificate of Confidentiality. All applicants for NIH and Department of Justice support are required to submit a Privacy Certificate as a condition of approval of a grant application or contract proposal regardless of whether personally identifiable information will be collected. The signature of an Institutional Official is required on an application for a Certificate of Confidentiality and on a Privacy Certificate. For this particular purpose, the campus has determined that authority to sign these applications and certificates should also be delegated to the Director and the Assistant Directors of the OHRPP.

This delegation is being reissued due to an organization change and there are no substantive changes to the delegation being superseded. This authority may not be further redelegated.

Gene D. Block  
Chancellor

cc: Executive Vice Chancellor & Provost  
Vice Chancellor for Research  
Assistant Vice Chancellor, Research  
Executive Vice President – Business Operations  
General Counsel and Vice President for Legal Affairs
