Effective as of the date above, I hereby delegate to you, in your respective positions, the authority to solicit and accept or execute any grants or contracts containing the National Aeronautic and Space Administration Waiver of Subrogation Rights (Clause Number 1852.228-75(d)), in accordance with the July 17, 1998 Regental authorization and the restrictions and dollar amount limitations of your delegated authority as stated in UCLA DA 250.05. It should be noted that Senior Departmental Research Associates and Departmental Research Associates may only approve proposals.

Campuses must attempt to reduce the University's potential risk for subcontractors' liability by negotiating appropriate contractual relationships and asking the subcontractors to (1) indemnify The Regents and the United States government against such liability, and (2) name The Regents and the United States government as additional insureds on their insurance policies.

Authority to accept grant awards and to execute contracts carries with it the responsibility for determining the necessity for legal review prior to the acceptance of execution. This authority may not be further redelegated.
