Such exceptions must be made in accordance with the UC Operating Memo 95-01 referenced above, that sets forth the conditions under which the Chancellor may approve exceptions to the requirement, as follows:

When an exception is granted, there must be a clear distinction between service to the University and service to the external party, relevant personnel policies shall be followed, the name of the University shall not be used by the external party, and in no case shall the University assume liability for a third party's action without the approval of the Regents as required by the Bylaws and Standing Orders of The Regents."
